

Advantage
+Plus by Berenson.

Giving You the Advantage of Quality Hardware

+Plus

- Seven collections of coordinating knobs and pulls
- A wide range of designs from traditional and rustic, to clean and contemporary
- Nine popular finishes

Enhance your Cabinetry

with Advantage Plus decorative cabinet hardware. These knobs and pulls have been carefully refined into a complete offering of the most sought after styles and finishes. The advantage of this line is the convenient selection of quality designs at an affordable price.

Samplicity®

Designers and dealers simply register online at BerensonHardware.com, then order free samples of up to 5 different items 24 hours a day. We'll ship the samples to the designer or dealer, or even directly to the client's home.

Free Inside Every Sample Order

Berenson's unique sample clip that lets you slide hardware directly onto cabinet doors and drawers for a preview of how the design looks in place, without having to make the commitment of drilling holes!

Display boards are sized to fit in Berenson 10- & 24-board or 12- & 36-board display towers.

Visit BerensonHardware.com or contact Berenson to explore merchandising options.
